

Yala NsoQ App

كلية الملك عبد الله الثاني
للتكنولوجيا المعلوماتية
KING ABDULLAH II SCHOOL OF
INFORMATION TECHNOLOGY

About us :

Due to the increase in the distance of places from each other, the use of vehicles has become a necessary need for people to move from one place to another, also the need for people to learn to drive vehicles has also become a necessary thing. Therefore, this website has been built to facilitate for people the process of learning to driving vehicles and find the appropriate center, because this website contains a group of driving learning centers and set of courses that each center contains and you can register in the course that you want and pay the registration fees online.

Expected Outputs:

We expect from our website to achieve the main goals from it by reducing the time and effort on people while getting what they are looking for in driving training centers, also to create a new platform to bring all centers in one location to increase the ability of registration for the trainee in those centers.

This new tool will provide a new technology for filtering features that support the trainee in finding the nearest training center to their location, also to check about each center through its rating and what services it provides for the trainee, also the training center will have the ability to manage his trainee records through a small CRM system (Customer Relationship Management) through the tool, to arrange trainee records and what data is inside the center.

The mobile application interface for Yalla NsoQ includes a header with the logo and navigation icons. Below the header are two buttons: "Admin Login" and "Centers Login". Underneath these are flags for the United Kingdom and Jordan. The main content area features the Yalla NsoQ logo and the text "Yalla NsoQ". Below this are four menu items: "Home" (with a computer icon), "About Us" (with a question mark icon), "Centers" (with a grid icon), and "Contact Us" (with a phone icon).

Three screenshots of the Yalla NsoQ mobile application. The first screenshot shows the home screen with the Yalla NsoQ logo, "Yalla Nsoq App", and "For Cars Licence Training Centers". The second screenshot shows the "Admin Login" screen with "Admin Login" and "Centers Login" buttons, and flags for the UK and Jordan. The third screenshot shows the "Centers Login" screen with "Admin Login" and "Centers Login" buttons, and flags for the UK and Jordan.

The mobile application interface for Yalla NsoQ shows the "Admin Login" screen. It features the Yalla Nsoq App logo and "For Cars Licence Training Centers" text.
